Briefly share one positive experience from this week

I got to sit in on a lot of parent teacher conferences which was a good experience and i got to know most of my students parents

Briefly share one problem or negative experience. Do you want assistance in dealing with this?

I had a lot of trouble with one of the boys again so i sent him in the hall like what Dr. Bork said and talked to him. Then when i met the parents, they said that they would talk to him so that was comforting to know that the parents were willing to help.

Do you have any other comments, questions or needs?
