I am really enjoying how much these kids just love to learn! It is great getting to know my class, and since there are only six of them, I feel like! know them all pretty well. One of the girls in my class got a new baby sister this week, so that excitement is there too. Mrs. Brown had the class make a card for the family. They are a pretty tight bunch. Briefly share one problem or negative experience. Do you want assistance in dealing with this? One negative experience is that I have had headaches and a lot of sinus pressure this week. I don't know if there is something at school that I am allergic to or what is aggravating my sinuses. If they are still bad next week, then I will try to see if I can find a doctor. Do you have any other comments, questions or needs? Not that I can think of. I am just adjusting to living here in Sioux City. Supervisor Feedback (For use by supervisor, as needed)	Briefly share one positive experience from this week
