Teaching Activities

Please give a brief description of classes taught/observed. Include grade level, subject, topic, etc.

I observed Mrs. Brown teach a couple lessons this week such as health and music. I taught most of this week.

I am teaching the following subjects and topics:

Reading: Animals All Around theme

Phonics: Long vowel review and high frequency words

Math: 3D solids

Religion: Pentecost

Science: Space-the day and night sky

Art- Mandala designs

Social Studies- scholastic books on various social studies topics

Spelling- "-od" words

PE- Let them play outside in the nice weather and make sure they keep moving

Extracurricular Activities: Indicate whether your role was as a participant, observer or leader. Include only those activities directly related to your assignment at the school and/or congregation.

We went on the field trip that I planned for this week. It went really well! The kids loved it and were excited about it all day. The unfortunate thing was that even though Mrs. Brown told me that I was in charge, she still stepped into the leadership role quite a bit. It wasn't like things were going badly. I just think she has a hard time letting go of control. This was a pretty positive experience though.

Please continue on the next page.

Briefly share one positive experience from this week

The kids are such a joy! One of the girls in my class has a new baby sister, and she came for show and tell! It is really fun being around these fun kids and seeing them so happy.

Briefly share one problem or negative experience. Do you want assistance in dealing with this?

I would have to say that I was a little disappointed with how my mid-term evaluation turned out. I thought things were going really well, but my coop marked me down in some areas that I didn't feel was right. For example, she asked me if I wanted to do DCE or teacher more. I let her know that I was leaning more towards DCE, so on my evaluation she put that I didn't want to grow professionally. I will just work harder to improve for the final evaluation.

Do you have any other comments, questions or needs?

Just to let you know, this coming week is our spring break, so I will not be in the classroom.
