Concordia equips future elementary school teachers with cutting edge educational practices and knowledge culled from decades of preparing teachers for service in Lutheran, parochial and public schools. The Elementary Education program requires professional education classes and classes in a concentration area taught in elementary schools. At the completion of the program, you will be quipped to teach K-6 in any school.

School
Educ 363 Teacher Laboratory-Elementary
Methods
Educ 381-384 Elementary Student Teaching

Peer Support

Concordia Association for Students in Education (CASE) is an organization that meets monthly to discuss the wider issues of education, attend presentations and participate in educational service projects.

Elementary & Secondary Dual Certification

This option prepares a student to be certified on both the elementary and secondary levels. Normally, a student will follow the regular pattern of whatever program is chosen initially. In addition to this regular pattern, additional courses must be taken to be certified on both levels. The extra student teaching hours must be done in a full-time experience. Dual certification will usually require at least one extra semester. Students selecting this option should confer with the Dean of Education early in the planning process.

Elementary Subject Concentrations

Art, Director of Christian Education, English, ELL, Science, Geography, Health Education, Biology, Mathematics, Music, Physical Education, History, Sociology, Multicultural Studies, Spanish and Speech/Drama.

Placement Assistance

We have an entire office dedicated to working through the call and placement process for those seeking positions within The Lutheran Church—Missouri Synod or assisting with credential files and interviews for those looking at options in other parochial or public schools.
