Overall Average - N=57	3.21	3.27	3.1	3.04	2.95	3.32

Comments

Content

not as prepared for public with curriculum  
helpful if Concordia taught what is actually being used in school

Diverse Learners

[high rating] had to do with my own personal experiences  
I was inner city, didn't feel prepared to the culture difference  
did a lot of my own research

Assessment

it would have been helpful to have very specific examples  
of assessments and practice writing out rubrics
