Concordia University RN to BSN Program
Portfolio Artifacts

The table below identifies the required assignments from each nursing course to be included in your portfolio. You may choose to include additional information (for example: paper, reflection, discussion board posting or any other assignment) that demonstrates your success in meeting the student learning outcomes. Remember that the portfolio is a template for you to collect, select, reflect, and showcase your hard work!

Core Nursing Courses
NUR 410 Professional Roles, Issues and Nursing Theories • Nurse Theory Evaluation Paper • Critical Issue Presentation
NUR 415 Introduction to Nursing Research and Evidenced-Based Practice • Research Article Critique • Evidenced Based Practice Poster
NUR 430 Issues of Aging and Longevity • Final Written Assignment: 4 Relevant Assessments of an Older Adult • Group Presentation: Issues in Aging and Longevity
