

## 2020– 21 Alternative Delivery Executive Summary

Submit to the BlackBoard Assessment Site.

<b>Department:</b> Theology <b>Date:</b> June 2, 2021 <b>Course(s):</b> Rel 131
<b>Alternative Format(s) – select as many as are applicable:</b> Dual Credit                      Select                      Select
<b>Members</b> (must include more than course instructor only) <b>involved with analysis of artifacts:</b> Paul Deterding and Paul Holtorf
<b>See Alternative Delivery Assessment Plan for:</b> a) Course requirement evaluation; b) Student Outcome; c) Question(s); e) Methodology
<b>Analysis of artifacts:</b> 1). Student Outcome: <b>PERFORMANCE CRITERIA*</b> - How was data analyzed? (attach rubrics/scoring tools if used). Means will be derived from both the traditional and alternative courses and a t-test will be conducted between the traditional course and the alternative course based on the assignment scores. 2). <b>COMPARABILITY</b> – How did you determine if the outcomes of the traditional and alternative delivery modes were comparable? (note “na” if delivery modes were not compared). A mean will be calculated for both the traditional course and the alternative course. A t-test will be calculated to determine if there is a statistically significant difference between the traditional course and the alternative course. If there is not a statistically significant difference between the two courses then the department can say that both courses offer the same content in both the traditional course and the alternative course.
<b>Summary of RESULTS*:</b> 1). Restate the assessment question(s) (from the Assessment plan): 1. Can the student demonstrate a knowledge of the concept of God's grace in the New Testament? 2. Can the student demonstrate how the concept of God's grace can be seen in Jesus Christ? 3. Can the student communicate how the concept of God's grace can be seen in Jesus Christ? 2). Summarize the assessment results. A narrative summary is required. Charts, tables or graphs are encouraged but optional. The dual credit course had two final paper scores: 95% and 98%. There were not enough dual credit scores to generate an analysis. 3). <b>INTERPRETATION*</b> - Discuss how the results answer the assessment question(s). The department's goal is to see no difference between the dual credit offering and the CUNE offering. By conventional criteria, the difference is considered not to be statistically significant. 4). Observations made that were not directly related to the question(s). (i.e. interrater reliability of the scoring tool was low) NA 5). <b>How did the outcomes of the traditional and alternative format analysis compare?</b> Given the small sample size of the dual credit course, a statistical analysis could not be generated.
<b>Sharing of Results:</b> When were results shared? Date: June 2, 2021    How were the results shared? (i.e. met as a department) Email    Who were results shared with? (List names): Charles Blanco, David Coe, Brian Gauthier, Paul Holtorf, Mark Meehl, Russ Sommerfeld, and Paul Deterding.
<b>Discussion of Results –Summarize your conclusions including:</b> 1. <b>ACTION*</b> - How will what was learned from the assessment impact the alternative format teaching of this course starting the next academic year? Continue to highlight and emphasize the assessment questions as stated above and maintain the course objectives of the course syllabus. 2. <b>IMPACT*</b> - What is the anticipated impact of the <b>ACTION*</b> on student achievement of the learning outcome in the next academic year? Continue to use the final paper as the assessment tool to ensure consistency of content across both the dual credit course and the CUNE course. 3. <b>BUDGET IMPLICATIONS</b> – Indicate budget requirements necessary for the successful implementation of the <b>ACTION*</b> (i.e. an additional staff person, new equipment, additional sections of a course).    None
