See Alternative Delivery Assessment Plan for: a) Course requirement evaluation; b) Student Outcome; c) Question(s); e) Methodology		
Analysis of artifacts: 1). Student Outcome: PERFORMANCE CRITERIA* - How was data analyzed? (attach rubrics/scoring tools if used). Means will be derived from both the traditional and alternative courses and a t-test will be conducted between the traditional course and the alternative course based on The Name of Jesus paper assignment scores. 2). COMPARABILITY – How did you determine if the outcomes of the traditional and alternative delivery modes were comparable? (note “na” if delivery modes were not compared). NA		
Summary of RESULTS*: 1). Restate the assessment question(s) (from the Assessment plan): 1. Can the student demonstrate a knowledge of the concept of God's grace in the New Testament? 2. Can the student demonstrate how the concept of God's grace can be seen in Jesus Christ? 3. Can the student communicate how the concept of God's grace can be seen in Jesus Christ? 2). Summarize the assessment results. A narrative summary is required. Charts, tables or graphs are encouraged but optional. DC, N=6; CUNE=43; DC mean=93; CUNE mean=81.21; SD, DC, 6.48; CUNE, 9.38. 3). INTERPRETATION* - Discuss how the results answer the assessment question(s). The department's goal is to see no difference between the dual credit offering and the CUNE offering. By conventional criteria, the difference is considered to be statistically significant. 4). Observations made that were not directly related to the question(s). (i.e. interrater reliability of the scoring tool was low) NA 5). How did the outcomes of the traditional and alternative format analysis compare? There is a statistically significant difference between the dual credit paper scores and the CUNE paper scores.		
Sharing of Results: When were results shared? Date: June 1, 2022 How were the results shared? (i.e. met as a department) Email Who were results shared with? (List names): Charles Blanco, David Coe, Brian Gauthier, John Genter, Paul Holtorf, Mark Meehl, Russ Sommerfeld and Paul Deterding		
Discussion of Results –Summarize your conclusions including: 1. ACTION* - How will what was learned from the assessment impact the alternative format teaching of this course starting the next academic year? With the retirement of the dual credit instructor, the department will be in conversation with the new instructor to review the assessment goals, the expectations of the assignment, the grading of the assignment, and other ideas that may emerge. 2. IMPACT* - What is the anticipated impact of the ACTION* on student achievement of the learning outcome in the next academic year? A new grading rubric for the dual credit instructor to follow in the grading of the assignment. 3. BUDGET IMPLICATIONS – Indicate budget requirements necessary for the successful implementation of the ACTION* (i.e. an additional staff person, new equipment, additional sections of a course). None
