

2022- 23 & 2023 - 24 General Education Assessment Plan

Department: Health & Human Performance

Date:10/4/22

General Education Committee has selected the following area for the 2022-23 & 2023 -24 assessment cycles:
COMMUNICATION: to demonstrate effective communication skills for personal, academic and professional purposes.

General Education Committee: Background: What factors caused the committee to choose this particular assessment outcome? The committee selected this outcome based upon the emphasis on developing a strong knowledge base in the general education curriculum.

Department: *What student outcome will the department assess that addresses effective communication skills for personal, academic or professional purposes”?*

HHP 100 - The student will be able to demonstrate effective communications skills in reflecting on their positive behaviors and/or setting goals for each of the nine dimensions of holistic health.

Department: *What specific question(s) are you attempting to answer through assessing this student outcome? What are you trying to find out? There may be more than one question, but no more than three.*

Do students understand the nine dimensions of holistic health and their manifestation and relevance to a person's overall health and quality of life? Can students adequately and effectively communicate that understanding?

Methodology:

1. *OBJECT** - *What data (i.e. artifact, exam score, detailed description of assignment) will be collected?* Final Reflections Project - Assignment
 - a. *How does this data address the assessment question?* Effectively communicating through a photo essay or written goals an understanding of the nine dimensions of holistic health and their manifestation in their life Assignment instructions attached
 - i. *Include/attach a description/example of assessment tool to be used.*
2. *How will data be collected?* Final reflections project assignment submitted on Blackboard for at least one section of HHP 100 each semester

Analysis of Artifacts: PERFORMANCE CRITERIA* - Discuss :

- 1) How the artifacts will be analyzed (attach rubrics/scoring tools if used): Graded assignment
- 2) How you will know if it is good (i.e. score required by % of students): 85% of the students communicate through photos and/or written statements relevant positive behaviors and/or goals for at least seven of the nine dimensions of holistic health.
