Methodology – Enduring Question:

1. *What data (i.e. artifact, question from an exam, total exam score, assignment) will be collected to assess the enduring question?*
   Living Stones assignments from ART 101 - Fundamentals of Art
   a. *How does this data address the assessment question?*
      This course includes an assignment that directly asks students to consider the Living Stone question.
      i. *Include/attach a description/example of assessment tool to be used*.
2. *How will data be collected?* Answers to the questions will be collected in class and assessed.

Analysis of Artifacts:

1) How will the artifacts be analyzed? (attach rubrics/scoring tools if used): responses will be assessed using four point rubric.

2) Have you established benchmarks for success? (i.e. score required by % of students): If at least 90% of students score in the 90% or higher and at least 50% of students score in the 80% or higher, then we will consider this to be successful. If fewer than 50% of students score 60% or above, we will be failing to accomplish the goal of having students consider the enduring question. If at least 70% of students score a 70% or above, we will be doing moderately well.
