July 2, 2024

Dear Advancement in Rank Committee,

I have had the pleasure of working with Dr. Beth Pester for at least 15 years while she had led and served in various capacities at Concordia University. My role has primarily been as a high school executive director and also as an occasional guest presenter on campus.

It's always an honor to serve alongside Dr. Pester and see her vibrant spirit supporting the students, faculty, programs and mission of Concordia University-Nebraska. It's equally rewarding to see Dr. Pester in action when visiting with our school administrators and faculty on her routine school visits as the Director of Dual Credit.

I consider Dr. Pester a close ministry partner and one who lives to serve and advance God's kingdom through her professional ministry. As much as it benefits her opportunity, I would recommend her for any advancement that could be afforded her at Concordia. Feel free to reach out with any questions that you might have.

Blessings!

A handwritten signature in black ink that reads "Robert Cooksey". The signature is written in a cursive, flowing style with a large initial 'R'.
