

—GREAT PLAINS—
LUTHERAN EDUCATORS
—CONFERENCE—

PEACE BEYOND UNDERSTANDING
PHIL. 4:7

October 14-16, 2023

Concordia University, Nebraska

On behalf of the Board of Regents, faculty, staff, and the entire Concordia community, welcome to Concordia University, Nebraska, for this inaugural Great Plains Lutheran Educators Conference!

We are delighted to partner with you in creating what I pray will be a rich, rewarding, immersive, inspiring, and meaning-rich time of encouragement, learning, and “iron sharpening iron”--grounded in God’s Word and expressed in a shared passion for God at work in Lutheran education.

What a joy and honor it is to be part of God’s good and vital work in Lutheran education:

Sharing and proclaiming the Gospel to students and families who do not yet know Jesus,
Standing alongside and supporting parents in their vocation of the faith formation of their daughters and sons, helping to prepare a future generation of servant leaders, people of Christian conviction, character, courage, and compassion, and
Embarking on the challenging but joyous work of equipping a generation of young people whom God will use to be a blessing to their future families, churches, communities, workplaces, and the world.

Thank you for your partnership in the Gospel, for choosing to be an engaged and contributing part of this event, and for your continued service in Lutheran education. Please know that all of us at Concordia are excited and committed to standing alongside you: supporting, encouraging, praying, and perpetually exploring how we can help amplify your impact in the lives of young people and their families.

Together in His service,

Bernard Bull

Dr. Bernard Bull
President and Lifelong Lutheran Educator

“WHAT DO I DO WHEN THEY DON’T UNDERSTAND?”: USING SHELTERED INSTRUCTION
TECHNIQUES TO IMPROVE STUDENT COMPREHENSION FOR ENGLISH LEARNERS AND
OTHER STRUGGLING STUDENTS

Teachers who work with English language learners and other struggling students face the daily challenge of working around language barriers and low levels of students’ grasp of academic vocabulary. Building sheltered instruction techniques into your instructional me is an effective way to bridge the gap between these students’ comprehension levels and where you want them to be. In this session, we’ll explore several key sheltered instruction techniques and provide a context for you to discuss how they can apply in your own classroom setting.

ANSCHUTZ, DR. ANNETTE

PROFESSOR AND GRADUATE EARLY CHILDHOOD PROGRAM DIRECTOR AT
CONCORDIA UNIVERSITY, NEBRASKA

PLAY: ITS PLACE IN K-2 BEST PRACTICES

As early childhood professionals, kindergarten through second grade teachers are uniquely positioned to be leaders in demonstrating how play-filled learning experiences for their students are essential to understanding.

TINKERING WITH STEAM

Participants will “tinker” with a variety of loose parts materials as they discover how to engage children in solving a problem related to a children’s book using science, technology, engineering, art and math skills.

BASSETT, NATHAN / BOCKELMAN, KATIE

ENGAGING STUDENTS IN SOCIAL STUDIES: STRATEGIES AND TOOLS FOR PASSIONATE
LEARNING

Are you looking for ways to engage your students in social studies and help them develop a passion for history, geography, and other social science topics? This session will provide you with a variety of strategies and tools to help your students become passionate learners in the social studies classroom. We will explore how to create interactive and engaging lessons that help students connect with historical events and geographic concepts. You will learn how to use primary source documents, multimedia resources and hands-on activities to bring history to life and promote critical thinking.

BERGDOLT, JACOB / SOMMERER, LLOYD

TEACHERS AT LINCOLN LUTHERAN MIDDLE/HIGH SCHOOL, LINCOLN, NEB.

SO, YOU’RE THE TECHNOLOGY PERSON... NOW WHAT?

So you’re the technology person, but you probably don’t have enough me, training, or funds to do the job. You are not alone. Come learn how those of us who have been doing this for a few years have survived and share any tricks of your own in this “Birds of a feather” style session.

BITELER, LOUISA

SUZUKI VIOLIN & ORCHESTRA INSTRUCTOR AT SIOUX FALLS LUTHERAN SCHOOL, SIOUX FALLS, S.D.

TEMPLE, KORTNEY

WHAT CAN TEACHERS LEARN FROM BOWLING?

In many classrooms today, teachers plan one lesson and aim for the middle, hoping to reach as many students as possible. What can we learn from the sport of bowling that will help teachers change their aim, and reach more learners? Together we'll explore Universal Design for Learning and strategies that will improve inclusive education for all students in our schools.

GERDES, DR. DREW

ASSISTANT PROFESSOR OF EDUCATION AT CONCORDIA UNIVERSITY, NEBRASKA

MISTER ROGERS WAS RIGHT!

Fred Rogers, and his well-known children's television program, Mister Rogers' Neighborhood, has had an impact on children and adults for many decades. Join us as we learn more about the pedagogy and thoughts of Fred Rogers and ponder how we can continue his legacy and advocacy for children now and for years to come.

THE THREE PILLARS OF SUCCESS

Join us as we take a deep dive into the roles that self-regulation, executive-function skills, and social-emotional learning play in the lives of young children. These skills, which are learned significantly in the first eight years of life, play a role in one's success that lasts into adulthood. Participants will learn strategies that can be immediately incorporated into the early childhood and early-elementary classroom setting.

SESSION DESCRIPTIONS

LIBERAL ARTS AND THEATRE ROUNDTABLE

An opportunity for educators to share experiences and ideas about their English, theatre, and speech communication programs, including suggested courses and activities for students and audiences, and recruitment ideas for performance and competitive theatre and speech.

THEATRE: A COLLEGE AND CAREER ROUNDTABLE

This session will explore information to share with students (and parents) about opportunities for career paths related to theatre, including acting, technical theatre, marketing, directing, administration, education and production. We will also look at options outside of theatre and media that utilize theatre-based skills.

USING THEATRE IN THE LIBERAL ARTS CLASSROOM AND BEYOND

This interactive workshop will discuss how to use theatrical techniques in the classroom and other school and church settings. These techniques and activities can help develop vocal, physical, and presentation skills. Additionally, they can be used to teach lessons in subjects beyond theatre.

OCKANDER, MARLI

MIDDLE SCHOOL TEACHER AT SIOUX FALLS LUTHERAN SCHOOL, SIOUX FALLS, S.D.

WHAT IS MY ROLE IN SAS?

Set Apart to Serve (SAS) is an initiative of the LCMS to more intentionally inspire the next generation of church workers. This initiative is to address the severe shortage of pastors, teachers, DCEs, administrators, etc. within the synod.

ONNEN, NATASHA

4TH GRADE TEACHER AT ST. JOHN LUTHERAN SCHOOL IN BATTLE CREEK, NEB.

YOU'VE GOT A FRIEND IN ME...WHY IS MY STAPLER IN JELLO?

Part 1: Often Lutheran educators, DCE's, and pastors, can feel like they are on an island (not the tropical kind that serves drinks.) How can we as a school, church, community and district provide mentors for church workers at all stages?

Part 2: Too often adults forget to play at work. According to the Fish model, play is essential. What are some easy ways you can play and care for each other at work, while remaining a professional? (There will be some me for small group brainstorming and discussion!

OPFER, DR. SHANNA

BEST PRACTICES FOR CLASSROOM MANAGEMENT LEADERSHIP

Effective classroom management is not for the faint of heart, and learning to LEAD is essential for success. This collaborative learning session will address a Gospel-Focused, Relationship-Driven, Proactive, Engagement-Rich and Response Ready classroom leadership approach that will get you talking with colleagues about your current joys and challenges in classroom leadership. Come to this session ready to share and learn from one another.

SESSION DESCRIPTIONS

CHATGPT IN EDUCATION - FRIEND OR FOE AND WHAT ARE YOU GOING TO DO ABOUT IT?

Come to this session to explore the artificial intelligence explosion that is occurring in the field of education. While there are MANY AI tools, this session will focus on Chat GPT. We will build a knowledge base, discuss concerns and opportunities, and be exposed to application ideas for teachers and students. This session will NOT provide singular answers or a "how-to" guide for AI use, but it will engage you in small group discussion and reflection about the topic from multiple angles. The AI movement is not going anywhere, in fact it is only getting smarter and stronger, so let's build our knowledge and face our fears.

DIFFERENTIATION: PHILOSOPHICALLY ON BOARD - PRACTICALLY CHALLENGED

Most teachers embrace an educational PHILOSOPHY that values differentiation; however, they struggle to put these beliefs into PRACTICE in the day-to-day life of the classroom. This session will begin with the philosophical and theoretical, but will quickly shift to provide practical approaches that will put differentiation into moon in the classroom.

LEARNING TO SEE IMAGES: INCORPORATING VISUAL LITERACY STRATEGIES IN THE MIDDLE SCHOOL CURRICULUM

Our students live in a visually stimulating culture with images bombarding them everywhere. These visual images allow them to communicate feelings and ideas. As a result, they must rely on visual data from social media platforms, electronic apps and live-streaming services to make sense of their world. This session addresses strategies for teaching students to interpret layered information embedded in images and text. We will explore how to develop a metalanguage for making meaning and then apply visual literacy strategies to the meaning-making of historical fiction picture books.

BETWEEN THE LINES: FAITH FORMATION AND DEVELOPMENT THROUGH CHILDREN'S LITERATURE

Many books published for children make for great reads and lend themselves to rich read aloud experiences. Once you begin scratching the surface, you find that a lot of titles have even more than the enjoyment factor. Without being overly didactic, there are many titles that provide opportunities for conversations and extensions for solid faith formation and development for students in all grade levels. Join us as we take an approach to reading between the lines to make enjoyable reading experiences a place for building up and strengthening the faith.

STRATEGIES FOR CLASSROOM TEACHERS TO SUPPORT MENTAL HEALTH AND BEHAVIOR IN SCHOOL

There is a shortage of mental health workers and many behaviors to deal with but there are some strategies we can utilize in the classroom that will help not only our students but us as teachers. We will review the strategies and teach you how to implement them so when you leave this presentation, you're ready to support your students. This presentation is most useful to newer teachers but more experienced teachers will benefit from a review of some of these strategies as well.
